INDEPENDENT AUDITORS' REPORT

The Board of Commissioners
Hospital Service District No. 1
of Evangeline Parish
Ville Platte, Louisiana

We have audited the accompanying general purpose financial statements of the Hospital Service District No. 1 of Evangeline Parish, a component unit of Evangeline Parish Police Jury, as of and for the year ended December 31, 2000, as listed in the table of contents. Those general purpose financial statements are the responsibility of the District's management. Our responsibility is to express an opinion on those general purpose financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the Hospital Service District No. 1 of Evangeline Parish as of December 31, 2000, and the results of its operations for the year then ended in conformity with generally accepted accounting principles.

In accordance with Government Auditing Standards, we have also issued our report dated March 22, 2001 on our consideration of the District's internal control over financial reporting and our tests of its compliance with certain provisions of laws and regulations.

NOTE 1 - ORGANIZATION AND OPERATIONS

Legal Organization

The Hospital Service District No. 1 of Evangeline Parish (the District) was created by an ordinance of the Evangeline Parish Police Jury on May 10, 1998. The District is comprised of and embraces the territory contained within the Police Jury Voting Districts 1, 5, 7, 8 and 9 of the Parish of Evangeline, State of Louisiana, as constituted as of the date of the ordinance.

The District is a political subdivision of the Evangeline Parish Police Jury whose jurors are elected officials. The District's commissioners are appointed by the Evangeline Parish Police Jury. As the governing authority of the Parish, for reporting purposes, the Evangeline Parish Police Jury is the financial reporting entity for the District. Accordingly, the District was determined to be a component unit of the Evangeline Parish Police Jury based on Statement No. 14 of the National Committee on Governmental Accounting. The accompanying financial statements present information only on the funds maintained by the governmental services provided by that governmental unit or the other governmental units that comprise the financial reporting entity.

Nature of Business

The District leases all general fixed assets to Vile Platte Medical Center, Inc., a non-profit organization. The lease term is for twenty years which coincides with the payment of the general obligation and revenue bonds. Due to the nature and significance of its relationship with the District, Vile Platte Medical Center, Inc., is considered to be a component unit of the District. The financial statements of Vile Platte Medical Center, Inc., are not included in this report.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Fund Accounting

The accounts of the District are organized on the basis of funds and account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprises its assets, liabilities, fund equity, revenues, and expenditures. Government resources are allocated to and accounted for in individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled. The funds presented in the financial statements are described as follows:

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Governmental Funds --

Capital project fund

The capital project fund is used to account for financial resources to be used for the acquisition or construction of major capital facilities.

Debt service fund

The debt service fund is used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest, and related costs.

Basis of Accounting

All governmental funds are accounted for using the modified accrual basis of accounting. Their revenues are recognized when they become measurable and available.

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. An exception to this general rule is principal and interest on general long-term debt which is recognized when due.

General Fixed-Assets and Long-Term Obligations

Fixed assets used in governmental fund type operations (general fixed assets) are accounted for in the general fixed assets account group, rather than in the individual fund. No depreciation has been provided on general fixed assets.

All purchased fixed assets are stated at historical cost or estimated historical cost if actual historical cost is not available. Donated fixed assets are stated at their estimated fair market value on the date donated.

Long-term obligations expected to be financed from governmental funds are accounted for in the general long-term debt account group, not in the individual fund.

The two account groups are not funds. They are concerned only with the measurement of financial position and do not involve measurement of results of operations.

Budgets

Budgets were not adopted for the Capital Project and Debt Service Fund.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Cash and Investments

Cash and cash equivalents consist primarily of deposits in checking and money market accounts and certificates of deposit with original maturities of 90 days or less.

The investment balance of the Evangeline Parish Hospital Service District consists of a money market fund purchased through Fidelity that invests exclusively in obligations issued and backed by the U. S. Treasury. These uninsured, unregistered short-term securities include Treasury bills, notes and bonds. The market value for this investment is the same as its carrying amount at December 31, 2020.

Memorandum Only - Total Columns

Total columns on the general purpose financial statements are captioned "memorandum only" to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position, results of operations or changes in financial position in conformity with generally accepted accounting principles. Neither are such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

NOTE 3 - LEASE AGREEMENT

The District entered into a lease agreement with Ville Platte Medical Center, Inc. on August 30, 1999, in which the District leased the real property, together with the buildings, and improvements (the hospital) to Ville Platte Medical Center, Inc. continuing through August 2019.

During the term of the lease, Ville Platte Medical Center, Inc. agreed to pay the following amounts derived from the operation of the hospital in the following priority:

- A. On a monthly basis, in advance or before the 20th day of each month of each year, the amounts necessary to allow the District to make the payments required by the \$7,085,000 Hospital Revenue Bonds, and any applicable paying agent fees and expenses incurred under said bond resolution.
- B. On a monthly basis, in advance or before the 20th day of each month of each year, the amounts necessary to allow the District to make the payments required by the \$7,085,000 General Obligation Bonds and any applicable paying agent fees and expenses incurred under said bond resolution.
- C. On a monthly basis, any actual and necessary expenses incurred by the District directly from its efforts to operate the Hospital Service District No. 1 of Evangeline Parish. This shall become due thirty days after written notice is given to Ville Platte Medical Center, Inc.

NOTE 4 - CASH AND CASH EQUIVALENTS

Under state law, the District may deposit funds within a fiscal agent bank organized under the laws of the State of Louisiana, the laws of any other state in the Union, or the laws of the United States. The District may invest in certificates and time deposits of state banks organized under Louisiana law and national banks having principal offices in Louisiana. The carrying amount of the District's deposits with financial institutions was \$602,895 and the bank balance is the same at December 31, 2000. The bank balance is categorized as follows:

Amount insured by the FDIC or collateralized with securities held by the District in its name	\$ 200,000
Amount collateralized with securities held by the pledging financial institution's trust department in the District's name	301,374
Uncollateralized	_____1,224
Total bank balance	\$ 602,600

The portion of the total bank balance categorized as uncollateralized is the property of the Debt Service Fund.

The cash balances and purpose of each account at December 31, 2000 are as follows:

Capital Fund	
Acquisition and improvement account	\$ _____55
Debt Service Fund	
Revenue bond reserve account	\$ 55,438
Depreciation & contingency account	35,916
Sinking account	_____285,807
	\$ 602,600

The acquisition and improvement account is used to pay for expenditures related to the acquisition and improvement of the Ville Platte Medical Center, including the acquisition of equipment and furnishing thereof.

The general obligation reserve account was established by an initial deposit of \$400,000 from the proceeds of the bonds. This account is pledged solely to paying principal and/or interest on the bonds when there are insufficient monies on deposit in the sinking account.

The revenue bond reserve account is pledged solely to paying principal and/or interest on the bonds when there are insufficient monies on deposit in the sinking account. A sum of \$1,243 must be deposited monthly until \$140,112 has been accumulated therein.

NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2000

NOTE 4 - CASH AND CASH EQUIVALENTS (Continued)

The depreciation & contingency account will be used to pay for the acquisition and improvement of buildings and equipment necessary to properly operate the hospital. An amount of \$625 per month shall be deposited into this account. Money in this account shall also be used to pay the principal and interest on any bond for payment of which there is not sufficient money in the sinking or reserve account, but if so used, such money shall be replaced as soon as possible, thereafter out of the earnings of the hospital.

The sinking account is used to pay promptly and fully the principal and interest on the bonds when due. A sum equal to one-twelfth of the total amount of principal and interest falling due on the general obligation and revenue bonds in the ensuing twelve months together should be transferred on or before the 20th day of each month.

REPORT ON COMPLIANCE AND ON INTERNAL CONTROL OVER FINANCIAL REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Report of Commissioners
Hospital Service District No. 1
of Evangeline Parish
Ville Platte, Louisiana

We have audited the general purpose financial statements of the Hospital Service District No. 1 of Evangeline Parish for the year ended December 31, 2000, and have issued our report thereon dated March 22, 2001. We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the Hospital Service District No. 1 of Evangeline Parish's general purpose financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations and contracts, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under Government Auditing Standards. However, we noted one immaterial instance of noncompliance that we have reported to management of the Hospital Service District No. 1 of Evangeline Parish, in a separate letter dated March 22, 2001.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Hospital Service District No. 1 of Evangeline Parish's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the general purpose financial statements and not to provide assurance on the internal controls over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amount that would be material in relation to the general purpose financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.
